SPARKLING

2016 de beaurepaire 'marie louise' pinot-chardonnay, rylstone, nsw 135
in terms of australian sparkling wine, tasmania gets all the plaudits. but the ultra-cool regions of nsw can more than hold their own with tassie. this beautiful classic method sparkler from the de beaurepaire family of high-altitude rylstone, in the hills above mudgee, sets a new standard for our state. there's some rich pinot fruit, with cool climate acid from the chardonnay. a healthy dose of brioche from some time on yeast lees adds complexity. this is classy stuff!

WHITE

2017 foreau 'clos naudin' vouvray, loire valley, france 165
for some reason, chenin blanc is almost completely ignored by australian winemakers. we love all the other french varieties that our british founders left us with - but chenin was ignored. This wine from the home of chenin - the loire - has rapier-like acidity, with generous pineapple fruit, and lanolin richness on the palate.

ROSÉ

2018 domaine du gros 'noré' mourvèdre-grenache-cinsault, bandol 130
the south of france has elevated rosé to an art form, producing dry, aromatic rosés with a characteristic "onion skin" colour. In particular bandol, a tiny appellation near toulon on the provençal coast, is the region for gold standard rosés. This has dried herb, rose hips, and cherries on the nose, with plenty of palate weight to match the classic cuisine of this beautiful region - especially bouillabasse!

RED

2015 picardy 'tête de cuvée', pinot noir, pemberton, wa 149
picardy is a well established winery in the pemberton region western australia, just to the south of margaret river. it's run by the pannell family, pioneering founders of moss wood back in 1969. 'tete de cuvée' means 'best of the vintage' and stems from their love of premier and grand cru burgundy. savoury, complex and old world in style, this is always amongst the top pinot noirs from wa

2016 antiyal 'pura fe', carmenère, maipo valley, chile 105
a long forgotten bordeaux variety used mostly in blends, carmenère was virtually wiped out in france in the early 20th century, but was rediscovered in chile in the early 1990s. originally thought to be merlot, it is now grown and made under its own name. the antiyal 'pura fe' expresses intense purity of fruit with great concentration, and is both organic and biodynamic
